Nidhish Rathore

Software Engineer

Delhi, India

"Skilled Software Engineer with experience in building full-stack web applications using React, Spring Boot, Node.js, and MongoDB. Committed to writing clean, scalable code and delivering effective solutions to real-world problems."

Work Experience

SDE Intern @ NTS Nihon Global, Gurugram

JUNE 2025 - PRESENT

- Led a team in the development of a custom ERP system, overseeing project planning and execution.
- Developed and implemented backend services for the ERP system using modern frameworks and Node.js.
- Coordinated frontend-backend integration, ensuring smooth collaboration across teams and seamless system functionality.

Application Developer Intern @ Rento India, Chennai

MAR 2025 - JUNE 2025

- Developed the backend for the Rento website and mobile app using Spring Boot, ensuring robust and scalable APIs.
- Contributed to frontend development and handled backend integration for a smooth user experience across platforms.
- Collaborated closely with the team, participating in code reviews, feature planning, and resolving cross-functional issues.
